

Dear Valued Customer,

It is that time of year!! As temperatures begin to drop, families and friends begin to think of the upcoming holidays. However, our company begins to think of your comfort and safety. We want you to stay warm as you spend time with family and friends during the holidays. In order to keep you warm, a heater must use energy to produce heat. Maintaining your heater can reduce repairs and the amount of energy you consume, as well as save you money and keep you safe. During your Fall Tune-Up, our experienced technicians will check several different aspects of your heater to ensure your safety, including electrical connections and problems that could result in gas leaks or high carbon monoxide levels.

Our Maintenance Agreement is only \$145.00 plus tax for one unit, and only \$65.00 plus tax for all additional units. This agreement includes the Fall Tune-up mentioned above, as well as a Spring Tune-up and 10% off parts and labor on future service calls. We have also developed a new Maintenance Agreement Plan we like to call The Comfort Plus Club. For more information, please contact our office at 501-985-2082.

As a family owned and operated business, our goal is to ensure the comfort of your family. Visit our website at MandMheatingair.com to receive a special offer.

Thank you,

M&M Heating and Air, Inc.
